

## Frost & Sullivan launches Green Mfg Awards 2012

✦ **FPJ BUSINESS DESK**  
Mumbai

Recognizing and rewarding companies that have demonstrated effective deployment of Green Manufacturing Practices in their organizations, Frost & Sullivan launched the 2012 edition of Green Manufacturing Excellence Awards. Among the recipients of the award include Hindustan Unilever Limited under the category of overall leaders while Rashtriya Ispat Nigam Limited was the first runner-up. Under the category of leaders of large business, ACC Limited's Wadi Cement Works, Plant II won the top honours while leaders under the medium business was bagged by HUL.

Nitin Kalothia, Associate Director, Manufacturing & Process Consulting Practice, Frost & Sullivan, South Asia & Middle East notes, "A positive development noted is that few companies are chalking out long term sustainability plans and have modified their day-to-day activities keeping in mind the effect on the environment."
